

**Barcelona Creative Tourism** is a pioneer program that aims to promote creative tourism in Barcelona and its surroundings.

For visitors interested in performing in a great venue, joining a dance, painting or cooking class, meeting local artists or exhibiting, we make it happen: we offer services tailored to suit any kind of creative visitor, whether they are artists or not, and fitting practically any time and budgetary constraint.

Tell us about your clients' desires and your requirements: we will develop and organise tours and events from start to finish and let you concentrate on your own travel and accommodation expertise to deliver a fully satisfying experience.

Our program offers an exciting new pathway to cultural discoveries and personal fulfilment as the visitor is offered opportunities to share in the artistic and other creative endeavours of local people.

What does the *Barcelona Creative Tourism* program provide?

- Customized solutions to meet the specific requests of tourists and artists wishing to discover our city creatively or to exert their talents.
- Tailor-made tours and projects: on request, we design thematic routes and we set up projects in order to satisfy visitors' specific artistic and cultural interests. They can include workshops and encounters with local artists and personalities.
- On demand services for every aspect of the organization of a specific event: from the initial briefing to the communication and press

campaign via project design and technical production, we carry out all the necessary steps to guarantee the success of the project and to meet or exceed your clients' expectations.

Our organisation is a cultural operator staffed by artistic production and cultural events experts, from concerts to art exhibitions through video production, etc.

Through the *Barcelona Creative Tourism* program, you can deliver Barcelona's world-renowned wealth of creative opportunities to your clients, whether individual visitors or groups.
